My WVU eCampus Tab
The My WVU eCampus tab provides several modules that provide ways to easily access information. There are two sub tabs underneath the My WVU eCampus tab which are the MY WVU eCampus sub tab and the Notifications Dashboard sub tab.

My WVU eCampus Sub Tab
The following modules can be accessed through the My WVU eCampus sub tab, My Courses, My Announcements, My Messages, My Discussions, Course Catalog, Campus Announcements, Campus Bookmarks and On Demand Help. The following images represent a sample of the modules and the information that may be visible. The information contained in the modules on your page may differ.

My Courses
The My Course Module will be the module used to access every course you are enrolled in regardless of the role of the course or the institution. To access a course select the Name of the course you want to enter.

Report Card
The Report Card module is will only display courses you are enrolled in as a student. By selecting the number in the grade column you will be linked to the individual grades for the course grade you selected.

My Announcements
The My Announcement module displays announcement for every course you are enrolled in in one convenient place. This module will also display the important announcement sent by the eCampus Unit with important updates.

My Messages
The My Messages module allows users to easily see the courses they have course messages in without having to log into the course. By select the course name the user will be taken to the course messages area in the course to read their course messages.
My Discussions
The My Discussions module allows users to easily identify which courses have discussion board posts they have not read. By selecting the course name with unread discussion posts, the user will be brought to the course discussion board.

Course Catalog
The Course Catalog contains a list of all the courses contained within eCampus. The purpose of this module is to provide a place for users to access courses they will need to self-enroll in order to become an active student in the course. A user will be notified by the appropriate personnel if there is a course they need to access.

Campus Announcements
The Campus Announcement module serves as a reminder to eCampus users about the Regularly Scheduled Maintenance. These maintenance periods are necessary for the Information Technology Services to further enhance the users’ experience within eCampus.

Campus Bookmarks
The Campus Bookmarks module provides hyperlinks to useful campus resources.

On Demand Help
The On Demand Help Module provides a hyperlink to Blackboard created documentation and information and serves as a great resource for students, faculty, and staff.
Notification Dashboard

The following modules can be accessed through the Notification Dashboard Sub tab, Needs Attention, To Do and What’s New. These modules are directed to student in order for the student to provide guidance on completing their course work.

Needs Attention

The Needs Attention module displays the information a user needs to pay attention to such as upcoming due dates or new grades that have been posted.

To Do

The To Do displays items that are due and past due and can be viewed by day and week. This module will assist users in tracking when items needs to be turned in, in order to receive a grade.

What’s New

The What’s New module displays changes and addition of course content. It will display the number of items for the content type and provides a link to the content.
