WVU LOGIN ACCOUNTS

Forget your Login password or lock yourself out of your account? Fix it yourself at login.wvu.edu. If you want a chosen name to display in some WVU systems rather than your legal name, click the Manage Account button and follow the instructions.

PROVE IT'S YOU

Duo two-factor authentication is for **STUDENTS ONLY**. Please **DON'T** let anyone add devices to your account. That violates WVU policy and creates a security risk. **DO** generate backup codes under the Manage Account button at login.wvu.edu in case you lose, forget, replace or run down the battery in your phone.   **twofactor.wvu.edu**

CONNECT TO CAMPUS WI-FI

Apogee provides Internet for WVU Morgantown campus residence halls, supporting up to 10 devices per student, including laptops, gaming devices, smartphones and smart home products. Guests can connect to Apogee via the portal by selecting **Guests and Visitors**. **LEARN MORE: https://go.wvu.edu/apogee**

Elsewhere on campus, you will connect to **WVU.Encrypted** for secure Wi-Fi using your Login username and password; **WVU.Guest** is for visitors only.
